Description

Pair of candlesticks made of carved Swiss pine, white lacquered and partially gilded, supported by a cylindrical shaft. Composed of large opposing "C"-shaped volutes, they are carved with scrolls and leaf motifs, embellished with a flowering branch descending from the upper corolla, which serves as a holder for the candle. Above the two lamps is a plate made of perforated and gilded sheet iron. Product condition: Product in good condition, showing minor signs of wear. We strive to present the actual condition as completely as possible through the photos. If certain details are not clear from the photos, the description takes precedence.
