

## Jieldé Articulated Lamp

250 EUR

Signature : Jean -Louis Domecq.

Period : 20th century

Condition : Bon état

### Description

Jieldé vise lamp, an icon of French industrial design created by Jean -Louis Domecq. "Matte black" in color, it features two 35 cm articulated arms and a 15 cm swivel reflector to direct the light with precision. Ring around the reflector facilitates orientation. The Jielde plaque is missing but the location normally intended is visible at the top of the lamp. Good condition,
