Description

Shot of ? Superb vintage teak sideboard dating from the 60s. Behind its clean, minimalist lines lies a nicely crafted sideboard: discreet round handles allow you to open the 4 sliding doors. At both ends, these sliding doors each open onto a removable and height-adjustable shelf. In the middle, the 2 sliding doors open onto a drawer and a storage niche. Above the central cupboard, there is a tray that you can pull towards you to have a bar area. Beautiful manufacturing and pretty finishes
