

Stone Sculpture Depicting A Woman's Face. 18th Century

1 500 EUR

Period : 18th century

Condition : Bon état

Material : Stone

Width : 26

Height : 29

Depth : 25

Description

Stone sculpture depicting a female face. Veneto (Italy). 18th century. The sculpture features classical elements; the wavy hair gathered at the sides of the face is a typical feature of the Greek and Roman sculpture that inspired it. This face may represent a deity or an allegorical figure. It is mounted on a square base with a metal rod. Dimensions without base: H 29 cm - W 26 cm - D 25 cm Dimensions with base: H 81 cm - W 25 cm - D 25 cm
