Description

Ceramic painting by San Vicens with a drawing by Jean Lurçat of a young rooster.Very pretty painting with shimmering, contrasting colors highlighting a beautiful decoration with a very nice patina. Jean Lurçat worked after the war at San Vicens, an extremely dynamic center for ceramic art and creation. This type of work was produced in limited numbers. This one remained in its region of origin until the present day, when I was able to acquire it. Original period frame, size 32 by 32 cm, also in excellent condition. Very decorative piece to add to a fine collection or to position on the wall in a beautiful interior. Invoice and certificate supplied.
