Description

COD 11582 Italian painting from the second half of the 19th century. Oil on canvas, first canvas, artwork depicting an elegant still life with flowers and a musical instrument, crafted with excellent artistry. A beautifully sized and proportioned painting adorned with a finely carved and gilded wood and plaster frame.A painting rich in detail and beautifully rendered details, the painter masterfully creates a harmony between the numerous elements--sacred, naturalistic, and secular. The painting creates a pleasant trompe l'oeil effect for the viewer, and the small vase of flowers standing out on the table is delightful. The painting has undergone conservative restoration, including replacement of the stretcher and restoration of the color in some areas. In good condition. Internal dimensions: H 66 x W
