Width : 20 mm

Description

An important platinum daisy ring with a central brilliant-cut diamond weighing approx. 1.30 carats, of estimated VS purity and H/I color, offering a beautiful luminous presence and remarkable brilliance when worn. The main diamond is enhanced by a large double surround of 26 brilliant-cut diamonds totaling approx. 3.02 carats, creating exceptional sparkle and a particularly refined visual effect. The platinum setting enhances the floral architecture of this timeless ring. The ring's large 20 mm plateau gives it a spectacular presence on the finger, while maintaining its elegance. With its sophisticated design and generous paving, this ring evokes the great jewelry creations and iconic "cluster" rings of international haute joaillerie. A perfect piece for a cocktail ring,an exceptional
