### Description

Elegant and spectacular light holder representing a young Nubian in carved wood, richly polychrome and enhanced with gilding. The figure, dressed in an oriental costume with warm colors, rests on a rocky base and supports an imposing luminaire with several finely worked light arms. This high-quality decorative piece is inspired by the famous Venetian "Blackamoor", highly appreciated for their exoticism and refinement. The sculpture work is particularly neat, with many details in the face, clothing and plant ornaments of the candlestick. With its majestic presence and rich decor, this Nubian is an ideal prestige piece for a classic home, a mansion or a collection of decorative arts.
