Scottish Agate And Silver Set XIX

350 EUR

Period : 19th century

Condition : Parfait état

Material : Semi precious stone

Length : 45 cm collier et 9.5 cm ancre

Description

Scottish agate and silver anchor necklace and pendant set. Agate anchors or "pebble jewelry" were frequently given to loved ones when sailors went to sea. Coming from volcanic rocks, agates were found in Aberdeenshire and along the coast.
