Description

This tall saint is an Italian work from the early 19th century. Richly polychrome carved wood, it rests on a faceted base adorned with a foliate frieze. Facing the viewer, dressed in a long robe finely decorated with floral motifs and very wide sleeves, he wears a long, double-paneled hood that leaves his broad forehead exposed. The rounded tips of his shoes are clearly visible, and his static, facing pose with outstretched arms gives him a pleasing balance. A great harmony emanates from this youthful, slender face, with its finely defined features and strong gaze.

Dimensions: H 93 cm / W 35 cm / D 25 cm.

Weight: 17 kg. In good condition with some losses and cracks. From a large private collection.
