Pair Of Fixtures Under Glass, In 18th Century Louis XVI Gardens

1 850 EUR

Period : 18th century

Condition : Bon état

Material : Glass

Length : 55

Height : 42

Description

Pair of lovely Louis XVI period glass mounts from the end of the XVIIIth century depicting gatherings of quality figures in gardens, one in a French park with staircases and boxwood borders, the other in a rather English landscape with pond and trees Very nice color scheme in very "soft" shades. The fixtures are presented in their period brads.
