Description

Henri II style solid walnut mirror cabinet, French work from the late XIXe century. The front opens with a large door fully lined with a beveled mirror, revealing an interior fitted with storage shelves. The ensemble presents a sober and elegant architecture, enriched with carved decorations of fluting, geometric friezes and foliate motifs inspired by the Renaissance. The overhanging cornice and richly molded jambs give this piece an imposing, refined presence. The walnut offers a beautiful warm patina highlighting the quality of the cabinetwork. Furniture that is both decorative and functional, ideal as an entrance checkroom, linen chest or bedroom storage. The large mirror brings depth and luminosity to the space.
