Signature : Baccarat

Period : 20th century

Condition : Parfait état

### Description

Baccarat deep pink crystal overlay liqueur set, Lagny model, consisting of a liqueur carafe and 6 liqueur glasses. Crystal overlay refers to a surface covered with a thin layer of colored crystal which, when cut, reveals the white layer by transparency. The Lagny service appears in the 1916 Baccarat des Arts de la Table catalog. It is listed under the name Lagny in the 1933 catalogue. Our service is a pre-1936 production, not bearing the crystal maker's signature. It is one of the most beautiful, most prestigious models of the crystal maker's range: in strong crystal, allowing the realization of cut decorations with multiple complications, always perfectly executed without any shift, it is very richly cut, and gives the items of the range an exceptional brilliance. In perfect condition. Decanter height: 32cm
