Description

White lacquered wood mantel mirror in the Louis XV / Rocaille style, 19th century.Adorned with shells, scrolls, acanthus leaves and flowering twigs on its four corners, our mirror maintains a certain sobriety with its straight, discreetly molded shapes and contours.It is in good home condition, although we would point out a small lack of ornamentation on the lower part (see photo 6) and some material wear under the molding on the lower part (photo 8).The mirror is in good condition, with some discreet oxidation.The back of the mirror was replaced during the 20th century.
