### Description

Charming Gallé vase decorated with Lily of the Valley. All the charm and elegance of an era with this lovely violet footed vase. Vegetal decoration of Lily of the Valley sprigs on each side with leaves and numerous bells. Note the lovely colors with a superb violet at the base and a green and slightly violet decoration on a honey background on the upper part. Interesting shape with this thin foot and this collarless shape like a crocus which is well referenced at Gallé. Perfect condition (I saw a white spot on one or two photos that was later removed, old trace of paint...). Note the superb "japonisante" signature that stands out particularly well in the light. 19 cm high. Vase 1900 very elegant and original.
