### Description

Lovely "3-color" bowl decorated with sailboats in backlight over the bay of Venice by Daum. A particularly well-balanced, colorful piece for this richly etched bowl. No less than 7 sailboats are seen in backlight in the foreground, while a city with numerous duomos can be seen in the background, most certainly Venice. Note the beautiful balance of these 3 colors, there is often too much green or yellow on this type of piece, here, the piece is balanced and the rendering is superb. 16 cm Height, 18 cm Width, Signed on the decoration, perfect condition, circa 1910. Pretty brightly colored piece and very well brought out decoration.
