Description

Very beautiful carved and polychrome wooden larch head of Christ aux outrages, probably Spanish work from the late 16th or early 17th century. This sculpture is presented on a modern painted metal base. It exudes a strong presence, a mixture of serenity through the softness of its almond-shaped eyes and mouth, and pain marked by the cold whiteness of its complexion...Good condition, a few missing parts visible on photos.Delivery to Metropolitan France EUR20, for other destinations please contact us for a precise delivery quote.
