Description

EMPIRE STYLE FLAT DESK IN MAHOGANY - circa 1900Elegant Empire-style flat desk in mahogany, dating from the early XXe century, combining architectural sobriety and refinement of detail.This model opens with five drawers on the front, including a central one and four on the sides, offering practical, harmonious storage space. Its columns adorned with bronze rings, its brace base and its balanced proportions testify to fine craftsmanship inspired by First Empire furniture. This model opens with five drawers on the front, including a central one and four on the sides, offering practical, harmonious storage space.An appreciable peculiarity, this desk is equipped with two side pulls allowing its overall length to be extended to 164 cm, thus considerably increasing the work surface.The top
