

## Paul Debast (1960) - Construction

250 EUR

Period : 20th century

Condition : Très bon état

Material : Oil painting on wood

### Description

Oil on panel. Signed by hand. The painting becomes a structure of precise parts where color, far from being decorative, dictates the weight of each edge. A veritable puzzle of intuitive geometry, it invites the eye to penetrate the hidden order behind the confrontation of planes and pigments. Finally, the canvas ceases to be an image and becomes a structure: a mental mechanism sustained by the logic of color alone. Work size unframed: 30 x 36 cm / 36 x 42 cm with custom frame.
