

## Empire Style Gilt Bronze Swan Centerpiece

350 EUR

Period : 19th century

Condition : Très bon état

Material : Bronze

### Description

Elegant Empire-style centerpiece resting on a remarkable support featuring a swan with outstretched wings. The circular bowl in green lacquered metal is adorned around its perimeter with an applied gilt bronze frieze composed of garlands, ribbons and pendants, inspired by the neoclassical decorative repertoire. The interior has a fine gilded finish that underlines the elegance of the whole. The set rests on a circular green marble base underlined by a gilded bronze gallery. Good overall condition with wear from use and patina from age. Height: 25 cm  
Goblet diameter: 18 cm
