Description

Large romantic printed fabric valance - Late XIXe century
Charming late XIXe century inglenook valance, crafted in a beautiful printed fabric with Romantic-inspired decoration. On a delicately shaded cream background, elegant medallions depicting tender galant scenes unfold, surrounded by garlands of flowers, refined arabesques and musical instrument motifs, in a typically XVIIIe spirit revisited. The soft hues of the fabric are a perfect complement to the romantic style. The soft hues of powder pink, celadon blue, soft green and burgundy lend the ensemble a great decorative freshness and timeless charm. This valance is lined. It can elegantly dress a window, an alcove or be diverted into a decorative wall element. This valance is lined. Good
