Description

A vase crafted from heavy, transparent crystal, whose silhouetteharmoniously blends classic lines with a decidedly modern aesthetic: the piece alternates between hand-cut facets and perfectly smooth areas, creating a visual contrast of great elegance.The irregularly shaped upper rim lends the piece a unique, modernist character.Despite its considerable height, the vase remains perfectly stable thanks to its wide, solid base. The narrowing of the neck makes it a single-flower vase, designed to hold a single flower in accordance with the principles of minimalist decoration.A distinctive decorative object, dating from the second half of the 20th century, in perfect condition.
