An Oil On Canvas, Portrait De Saintébut 18 ème

2 400 EUR

Period : 18th century

Condition : Très bon état

Material : Oil painting

Width : 22

Height : 25.54

Description

Our painting shows close-up detail of a female face probably extracted from a larger composition of religious or classical inspiration.The figure, turned slightly upward, expresses a gentle yet intense emotion.The skin is rendered with great finesse: the tonal transitions are delicate, the lights glide over the cheekbones, nose and lips with subtle realism.The eyes, moist and shining, are directed towards a higher point, reinforcing the idea of ecstasy, prayer or divine call.
