### Description

Elegant Chanel 2.55 Mademoiselle handbag in quilted black leather, with double flap, gold rectangular clasp known as "Mademoiselle" and gold chain shoulder strap. Iconic model from the House of Chanel, recognizable by its diamond quilting, burgundy interior, double flap and discreet closure, predating the more ostentatious double C clasp. The bag presents a very nice overall state of preservation. The black leather is supple, lightly patinated, with a nice sheen. The burgundy interior is clean, adorned with the quilted Chanel logo and gold CHANEL® branding. Presence of the interior label with serial number 5457006, corresponding to a late 1990s manufacture, circa 1997-1999. Some minute marks of use normal for a vintage piece are visible, including fine marks on the inner leather
