Description

Superb painting, painting on silk "Chagrin d'amour" by Mara TRAN LONG (born 1935). Finesse and sobriety for this lovely painting by the famous artist Mara Tran Long, where we see a young woman consoling another young woman following a heartbreak. Typical of the famous artist's production in the 70's, this painting seduced me with its aesthetic sense, and I'll let you judge it with these numerous photos. Signed, titled and dated (1977, see photos), original framing, no missing parts, a little alteration to the frame and paint, nothing shocking, in complete keeping with the age of the painting. 68 cm by 58 cm A moving painting, all the finesse of the famous artist.
