Description

We present this small shaped piece in solid silver with a lid from the Empire period between 1798 and 1906. Hallmarked with the head of an old figure in front and the rooster 1st title.This small silver box surmounted by a cross was used to transport the Holy Oils to the dying.Good overall condition with a slight deformation on the pedestal, the weight is 46 gr, in general these boxes with the Holy Oils are often made of pewter, today I haven't found any in silver.Free shipping to France (E26)
