Description

French or Spanish school late 18th century
centuryFranciscan saintFranciscan at prayer before the Crucifix
Beautiful depiction of a Franciscan saint in meditation
meditating before the crucified Christ. The composition, dominated by a warm, collected light, highlights the intensely expressive face of the religious, whose gaze turns to the Crucifix
Crucifix in fervent contemplation. The skull placed at the foot of the cross recalls the theme of the memento mori, while the white flowers symbolize purity and holiness. This devotional work, executed with true academic skill, captivates with its quality of its modeling and the spiritual atmosphere that emanates from it.
