Description

Interesting icon, probably ethiopian, of St. Michael slaying the dragon. Good condition, a few missing parts visible, rather symbolic representation of the saint, holding his sword upright, the head of a black devil at his feet on the left. Wings clearly visible. Religious art dating from the 18th century, perhaps earlier. Une mention en ethiopian ou apparenté sur le côté droit. The back is in good condition, no cracks, softwood.
