Description

A toy in a cash register...Painted steel...Bakelite and miscellaneous...In working order...When a sum key is pressed the price afflicts on the dial with a rising plug...The amount is visible from both sides...!And the drawer opens at the same time...!When you close the coin drawer a mechanism rings a bell...From the 1930s...A FRENCH provenance...With its original label...In good condition, with the usual wear and tear...The board above the drawer must have been yellow...It has lost its color...But it's quite light overall...Especially with this complex mechanism...It sits on 4 rubber feet...Weight... 1 kilo
