Description

BLACK and WHITE DAMIER PALLAGE 18th century Creamy white limestone and black Hainaut stone tiles black Hainaut stone tiles Tiles measuring 33 cm x 33 cm Thickness 2 cm All tiles have been resawn in thickness for easier installation compatible with modern building reservations. As these tiles were once made by hand, the original thicknesses vary between 5 and 7/8 cm. Sawn to 2/3 cm, they can be laid on a concrete with or without underfloor heating. The catalytic effect of underfloor heating is ideal for optimal heat restitution. Available surface area of 40 m², which can be substantially with a little lead time. We are selling this exceptional floor per m²: EUR320 excl. taxes Our carrier will provide a free delivery estimate with your postal code.
