

## Forged Iron Axe

1 200 EUR

Period : 18th century

Condition : Bon état

Material : Wrought iron

Length : cm 63

### Description

Forged iron axe with a crimped, copper-brazed shaft, originally engraved with silver; unfortunately, much of the engraving is no longer visible due to wear from age and use. Hidden inside the shaft is a blade, and at its end is a two-headed dog. The head of the axe features various decorations in worked brass. Good condition Persia, 18th century 63 cm
