

Flat-topped Desk, Made Of Rosewood, Louis XV Style, 18th-century Genoa

1 650 EUR

Period : 19th century

Condition : Bon état

Material : Wood marquetry

Length : 135

Height : 73

Depth : 67

Description

An elegant flat-topped desk in rosewood veneer, featuring undulating and sinuous bands; it has three drawers on the front and rests on four curved legs with sloping angles; the dark, undulating top is covered in sheepskin (worn). High-quality Louis XV-style craftsmanship, elegant in proportion from all angles, this desk is in the style of 18th-century Genoese furniture. A lovely piece that "turns" well.
