Description

Decorativestained-glass window featuring floral motifs, created using the leaded-glass technique,dating from around 1920 and characteristic of the Art Nouveau style. Theoval-shaped stained glass window measures 97 x 75 x 3.5 cm. The composition features asimple geometric structure enriched with floral elements in shades ofred, green, pink, and blue. The translucent hammered glass background allowslight to pass through, highlighting the decorative details. Theouter oval frame was added at a later date. Thestained-glass window has recently undergone conservation restoration and is invery good condition.
