Description

Add a touch of old-world charm to your home with this lovely pair of framed European engravings depicting Swiss landscapes. Finely detailed, they accurately capture the spectacular and peaceful beauty of historic lakeside towns, dominated by imposing mountain peaks. The first bears the inscription "VIÈGE, with Monte Rosa", and the second "UNTERSEEN". Each engraving is mounted on a dark green textured fabric mat, whose deep hue contrasts elegantly with the richly carved gilded wood frames. The frames are adorned with a classic beaded inner border and retain their original hanging rings, allowing them to be hung immediately. This matching pair is ideal for creating a balanced arrangement on a shelf, on either side of a door, or to add texture and depth to an eclectic wall of frames. Quantity:
