Description

An elegant pair of 19th-century Renaissance-style candlesticks in silver-plated and gilded bronze.Each piece rests on a rectangular base richly decorated with finely chiseled plant motifs and arabesques.The shaft features a fantastical winged creature, reminiscent of a dragon or a gargoyle, supporting an engraved circular dish designed to catch the wax.The cylindrical arms also feature a relief decoration of scrolls and stylized ornaments.The combination of different patinas in silver and gold tones highlights the finesse of the chiseling and gives the piece a refined and prestigious character.Good overall condition with a patina consistent with the object's age.Payment via PayPal, bank transfer, check, or credit cardShippingworldwide **Worldwideshipping
