### Description

Very large German porcelain piece marked on the base: "Germany." Hand-painted. Numbered: 009 and a monogram to be identified. Group of musicians: flute, cello, and pianist. Also includes dancing couples and dresses made of Dresden lace. Remarkable colors and craftsmanship. A few small areas where the lace is missing and one dancing couple has been reattached at the base. Nothing serious! Visually magnificent large-scale set: 49 cm long by 30 cm high and 25 cm deep. 7 figures in total. Shipping via carrier or local pickup in Bordeaux. The set is quite heavy and very stable! Very high-quality porcelain!
