## Important Collection Of Antique Reliquaries With Certificates And Wax Seals - 18th And 19th Centuri

1 200 EUR

Period : 18th century

Condition : Bon état

### Description

A rare collection consisting of several Catholic devotional reliquaries, each containing its own relics, along with handwritten certificates, ecclesiastical wax seals, and period authentication documents. The collection includes various metal and glass reliquaries containing relics attributed to several saints, as well as a remarkable handwritten document dated 1815, accompanied by several original wax seals. It also includes an antique sealed box as well as various identification papers and textile fragments related to the preservation of the relics. The preservation of this collection in its original condition, along with its historical documentation, gives it a particularly special historical and devotional significance. An item intended for both collectors of religious art and enthusiasts of cabinets of
