Description

An exceptional and rare Gallé vase decorated with gentians. The photos speak for themselves regarding this large vase, entirely etched with gentians. The engraving is of very high quality. Beautiful blue colors on a very intense yellow background, a hallmark of quality pieces by Gallé. Elegant shape on a pedestal, all curves with a slightly flared neck. This design is rarely found (rarer than roses, columbines, etc.). Large 44.5 cm model, in perfect condition, signed on the side, circa 1900. A quality piece--everything is lovely...the shape, the colors, the finesse of the engraving...in short, a very beautiful Art Nouveau vase.
