18th-century Paper Cutouts Depicting Saint Teresa

790 EUR

Period : 18th century

Condition : Très bon état

Material : Vellum

Width : 18,5 du cadre, vélin 7 cm

Height : 21,5 cm du cadre, vélin 11 cm

Depth : 4 cm

Description

Gouache on vellum depicting Saint Thérèse. The colors are very vibrant. Saint Thérèse is surrounded by a border of floral-patterned scrolls. It is housed in a frame from the same period, made of very thin, irregular glass, featuring numerous bubbles that add to the charm of the piece. This delicate and fragile work has come down to us in perfect condition and has likely never been opened since it was sealed.
