Description

CarstiaenLuyckxFlemishpainterAntwerp1623 - circa 1670 AntwerpStill life with a jewellery box, playing cards, exotic shells, letters, redcoral, a small statue of a putto and an inkwell with a feather penOil on canvas : 34,4 X 44,0 cmUnsignedFrame : 47,2 X 57,1 cmAbsolute transparency: our consignation price = 21.350 EUROur export price = 24.367 EURCarstiaen Luyckx was a versatile and interesting Antwerp still life painter. Next to his traditional, high quality flower stilllifes, garlands, Pronk and hunting still lifes he also painted very originalsubjects with Vanitas themes, forest floors and a few very nice bird scenes. It is thought that during the second half of the1650s Luyckx moved to Northern France, where he painted Vanitas still lifes, such as ours.All my
