Diameter : cm 14

Height : cm 8

Depth : cm 2

Description

Small oil painting on panel from the late 16th century, with a fine period frame carved with a wave pattern and gilded with gold leaf, which still retains its original patina. The small painting likely depicts Saint Francis of Paola, who was deeply loved by his faithful followers of that era. It remains in its original condition, never cleaned, and is heavily oxidized, yet the material condition and original underlying preparation are excellent.
