Description

A superb 16th-century Spanish Renaissance chest made of walnut. A very beautiful chest distinguished by its superb quality. It features magnificent iron fittings, as well as thick panels and a thick top. We rarely come across panels this thick, which is also a sign of quality. Very beautiful carrying handles on the sides. It rests on a plinth. The chest has its original lock as well as its key, that work. A medium-sized chest, which is rare to find. Superb patina and in perfect condition. Exceptional quality. Delivery available in Belgium, France, and internationally. On display in our 2,500 m² showroom at 41 Rue Henri Wafelaerts, 1060 Brussels, Belgium. More information & photos available upon request.
