Description

A pair of porcelain sculptures depicting a man and a woman dressed in 19th-century fashion. The man is presenting a necklace to the young woman, who is carrying a basket filled with flowers, likely after a stroll. Here we see the attention to detail and the delicate polychrome touches characteristic of the Meissen Manufactory. Beautiful, large-scale polychrome porcelain pieces. A few chips and visible imperfections on some of the flowers do not, however, detract from the overall harmony of the design. Work from the late 19th or early 20th century. Dimensions of each piece: 20 x 21 cm H: 44.5 cm D: 18 cm 1400 EUR the pair
