

## Large Gold-plated Regulator

1 500 EUR

Period : 19th century

Condition : Parfait état

Material : Metal

Diameter : 7,8 cm

### Description

We present this large regulator watch in gold-plated metal with a solid gold back. This watch, which works perfectly, is exceptional. When you open it to look inside, there is a dust cover with a glass panel that protects the movement. This watch also comes with its original strap, featuring gold-plated sections depicting intertwined hands. Weight: 287 gr Shipping not included (E26)
