## Description

Refined wall console table, made of carved and partially painted wood. The console table features a curved and molded top, with a molded central shaft. The shaft also features a gilded bronze telamon, a male caryatid, running almost the entire length of the shaft, supporting the console table with his hands, reminiscent of typical classical styles. Minor defects are noted. This wall console table, of great taste and refinement, will add a touch of class and antiquity to any space. French manufacture, late 19th-early 20th century.Dimensions: H x W x D 94 x 101 x 34cm
