Description

Medieval optical glass goblet - 15th-century Germanic production - Early Modern archaeology
A rare medieval glass goblet of the "optical" type, characteristic of Germanic productions from the second half of the 15th century. This type of glassware is distinguished by its relief effects and high-quality craftsmanship, reflecting the expertise of the glass workshops of that period. The piece has a striking presence despite an earlier restoration, which does not detract from its historical and decorative value. This is a collector's item intended for enthusiasts of antique tableware and medieval glassware. Dimensions: height: 7.4 cm, diameter: 8 cm
A rare piece on the market, ideal for collectors or discerning enthusiasts of antique glassware. Price does not include shipping
