

## Large Carved Alabaster Pedestal Basin In The Neoclassical Style

280 EUR

Period : 20th century

Condition : Bon état

Material : Alabaster

Height : 118

### Description

A large, neoclassical-style carved alabaster basin on a column. This elegant composition consists of a handled urn resting on a tall twisted column; the entire piece is crafted from veined alabaster with delicate ivory hues. The finely crafted spiral shaft rests on an octagonal base, while the basin features a design of gadroons and side handles inspired by antiquity. The natural translucency of the alabaster highlights the stone's veining and hues. A high-quality decorative piece that can be used as an ornamental feature in a foyer, living room, sunroom, or winter garden. Neoclassical-style piece, first half of the 20th century. Dimensions: Height: 118 cm. In good overall condition with slight wear and natural variations in the stone consistent with its age.
