Description

A stunning, richly decorated Venetian mirror, crafted in the 20th century in the style of 18th-century models. This mirror stands out for its engraved glass frame featuring finely crafted floral and foliage motifs, embellished with glass cabochons and topped with an elegant openwork pediment. The composition is particularly harmonious, with a slender silhouette that accentuates its decorative character. The delicate, luminous engraved motifs subtly capture the light and add a touch of refinement and lightness to any interior, whether classic or contemporary. Dimensions: Height: 140 cm Width: 60.5 cm Condition: Very good overall condition. Note: a discreet crack on a floral element in the upper right corner, barely visible and having no impact on the overall aesthetic. A
