### Description

DescriptionAdditional  
InformationShippingStunning Murano chandelier made of transparent blown glass - Barovier & Toso styleSpectacular Murano blown glass chandelier, featuring a structure made entirely of transparent glass with twisted ribs. Its particularly elegant design is enlivened by large glass volutes forming airy arabesques around the central bowl, embellished with teardrop-shaped pendants tinted with a delicate amber hue.The main bowl, the decorative arms, and the upper hook cover feature remarkable ribbed glasswork, typical of the great Murano glassmaking tradition. The piece diffuses light with refinement and creates subtle plays of transparency.With its sculptural aesthetic and high-quality craftsmanship, this chandelier evokes the creations of the great Venetian
