Description

A superb pair of Louis XV-style wingback chairs, made of the original lacquered wood. They feature a lovely patina, with some signs of age on the lacquer that give them their charm (a sense of history, while remaining in impeccable condition). They were recently fully reupholstered with high-quality upholstery fabric, similar to Genoa velvet. The removable cushions also have removable covers for easy cleaning. The fabric is in very good condition; please note a small stain on one side of each cushion (invisible if you flip the cushion over, and barely noticeable--see photo). Very comfortable. The frames are in very good condition. Beautifully sculpted. Excellent value for the price: priced below the cost of having them reupholstered. Dated to the late 19th - early 20th century. Seat dimensions: H 44 x W
